Developing Leaders. Transforming Organizations

Introduction

We are pleased to invite you and your leaders' team to attend the Leadership empowerment workshop coming up between 17th -22nd September, 2023 at 500 Jln Sultan, #01-01, Singapore 199020. This is our annual event where intellectual rigor, engaging teaching, and cutting-edge research meet. We create and learn in an intense, exhilarating climate of discussion and debate

The main aim is knowledge sharing and development. This is an opportunity to share network and devise innovative strategies that will make a huge difference to your women as they involve in today's competitive global business.

The event is an important opportunity for your women leaders to promote the exchange of best practices, knowledge on leadership, management and women's empowerment, in order to support the opening of new horizons for women empowerment and also, the world civilizations and culture to have a world with peace and leadership.

This event will enable you to position your women leaders as Innovator and global Leader:

- Exposure: The event is anchor by best of experts and international facilitators
- Network: Direct networking with potential new contacts
- Spread Knowledge: Share the latest knowledge and information
- Recognition: Signage recognizing your contribution
- Leverage leadership skills by being part of the most comprehensive discussions

This is one of the series of our Global Advancement of Women programs that provides leaders and professional women with tools and strategies to advance their careers and increase their influence in their spaces. In the current dispensation, women leaders have greater opportunities, they also face more challenges. Through this event, leaders will have access to action tools and strategies in order to advance their careers, increase their influence and have positive impact on their institutions. The workshop will enable participants to hone their vital leadership competencies, gain better insights to managing work-life balance, create stronger support systems and so much more.

The Workshop Objectives Are:

- Strategies for up to date women's empowerment and entrepreneurship
- Promotion of entrepreneurship and participation in SMEs
- Promote Women leadership participation in high-level decision-making process
- Develop better partnerships with global institutions

This is an interactive platform that enables industry leaders to exchange views, discuss policies and share experiences for women advancement and promote diversity and inclusiveness in workplace. It is a forum for like-minded women who feel gender is an important organizational issue which impacts the profitability and overall health of institution and also impacts the social set up of a region. The event is an important opportunity for women leaders to promote the exchange of best practices, knowledge on leadership, and women's empowerment and the world civilizations and culture to have a world with peace and leadership.

Why Attend?

Attend this event and be prepared to be motivated, empowered and take away practical insights.

Key learning take-away include:

- Cultivate essential leadership skills to become a more influential leader
- Discover factors needed to create a culture that promotes gender diversity and harness the potential of women for leadership roles of tomorrow
- Gain insights on how successful Asian women leaders overcome obstacles and lessons learned
- Be inspired by personal success stories from some of Singapore's and Asia's most accomplished women leaders
- Understand the critical link between one's own ambition and societal cultural norms
- Learn how to become a leader improving the overall workforce in today's global competitive market

Who should attend?

This program will benefit middle to senior-level leaders and executives who create value for their institutions. The program provides techniques for encouraging an environment necessary to sustain long-term, profitable growth.

- Established, emerging and aspiring women leaders
- Corporate Leaders and Board Members
- Managers and Directors
- Human Resources Leaders and Heads of Talent
- Diversity and Inclusion Managers
- Women's Leadership Program Managers

Key Topics of Discussions

Some of the key issues of debate and deliberation include:

- **Modern Welfare Approaches:** Alleviating poverty and advancing the social and economic condition of the poor, widows and the less privileged in the society.

- Investing In Women Leaders' Talent Pipeline: The panel touches on the topic of how institutions are investing in bottom line to strengthen the pipeline for upcoming women leaders.
- Overview of Global and Local Challenges: The panel focuses on different challenges, both global and local, in maintaining a diverse workplace and how companies are handling them.
- Lessons and Learning from Male Champions: The idea of the dialogue is to focus how organizations are creating male advocates for change and champions to create and sustain diverse workplaces.
- Gender Neutralization: The aim is to sensitize participants about gender neutralization and focus on a comprehensive policy against gender discrimination as a trend. Navigating Gender Bias in the Workplace shall equally be reviewed
- How Companies Are Recruiting Women Returnees: An in-depth analysis on how companies are bringing back women leaders and the impact on the overall bottom line.
- Millennial Emerging Leaders: The idea is to understand how next generation leaders will lead, and how they'll create a diverse and inclusive space in the modern workplace.

Who We Are

At K & Q Consulting, we provide training and real experiential learning solutions to individuals, corporations, government departments, early starters, and SMEs.
